

NOTAM	Medflight willing to share NOTAM link with OACCT. Angelique to post the link to the OACCT website.	Post link to OACCT website	Angelique, MedFlight
Construction upgrades	Akron reported that there will be two tower cranes approx. 250 ft. high on campus beginning June 1 and will remain on site for approx. 18 months.	Update as needed	Kendra, Bill
Webex	General meeting use tabled.	Tabled	Tabled
Ground Safety	Linda reported no accidents last month, however 3 ground accidents in March. Resources not with her as she is on vacation.	Ongoing	Linda
Airspace meetings	Stan will provide Drew with the safety committee e-mail list so he may use it to get the word out on future Cleveland airspace meetings. Tim suggested we bring to the general assembly a motion to reach out to the FAA in all of our regions and express our interest in holding a centralized airspace users meeting.	Ongoing discussion	Committee
MARCS scene communications	Discussion continued about frustration communicating with ground forces. Question was raised if OACCT should provide recommendations to public services. Stat reported that they met with most of the first responders they deal with by attending fire chief and ema meetings and formed their own agreement which seemed to work very well.	Ongoing discussion	Committee
Ground Risk Assessments	Good discussion on ground risk assessments as everyone seems to be doing this basically the same way. Talk was that most services have been challenged with changing the culture associated with going by ground regardless of conditions. E-mail Stan with your assessments to share with the group and he well forward to	Ongoing	Committee

	Angelique to add to the website.		
<b>New Business</b>			
Appropriate use of resources	Question was asked of the committee if we should send out a reminder to our referrals or public services what constitutes BLS, ALS, or CCT so appropriate resources are called. Linda Hines reported that she has a communication for services that addresses this and will forward to Stan to bring to the committee.		
Refueling with patient on board.	Akron had initiated discussion as to whether other services are refueling with patients on board. The general consensus is that it is being done very infrequently. Most agreed that it should be fixed wing transport if it is known that there is a need to refuel before reaching destination.	Discussion	No action required
Next meeting	Webex. Akron to set this up. Meeting will be June 21 <sup>st</sup> . @ 9am. Kendra will send out the invite.	Reminder	Committee
	<b>With no further business to discuss the meeting was adjourned.</b>
